## WHY BOOK RYAN?

When it comes to publicizing shows and keeping patrons lined up for drinks, venues and booking managers would have to look far and wide for a music artist more committed than one-man band, Ryan Crary. The Rock Pop artist from Jacksonville, Florida has already played some of the city's top venues, including Jacksonville Landing, Lynch's Irish Pub, and Pussers Caribbean Grille. Energetic and engaging while on stage, Ryan's cover song repertoire ranges from the likes of the Rolling Stones to Michael Jackson to Garth Brooks. And his growing catalog of original music is already drawing favorable reviews from fans!

**Ryan is the type of music artist who understands the needs of your venue and makes it his mission to bring fans and customers through the front door and to keep them there ordering from the bar.** It isn't out of the ordinary for him to surrender his own bar tab comp and offer those drinks to the first handful of fans to arrive at his shows. He has also created and executed various marketing campaigns to increase attendance at his live gigs.

Ryan is also committed to publicizing his show at your venue through his various social media channels. He currently has nearly 21,000 followers on Twitter, more than 5,300 followers on Instagram, and close to 2,000 likes on his Facebook artist page in addition to almost 5,000 friends on his personal Facebook page. All shows are promoted, oftentimes with video, both before and after the performance, to ensure ongoing exposure for both his music and your venue.
